

EyeRecorder.OnApplicationQuit

```
graph LR; A[EyeRecorder.OnApplicationQuit] --> B[EyeRecorder.Release]; B --> C[EyeRecorder.EyeCallback];
```

The diagram illustrates a three-step process flow. It begins with a gray rectangular box containing the text 'EyeRecorder.OnApplicationQuit'. A blue arrow points from this box to a white rectangular box containing 'EyeRecorder.Release'. Another blue arrow points from the 'Release' box to a final white rectangular box containing 'EyeRecorder.EyeCallback'. All boxes have a thin black border.

EyeRecorder.Release

EyeRecorder.EyeCallback
